

20.11 Navigation

General Navigation and Help Access

User's Quick Navigation Guide

BusinessPlus versions have been redesigned for cross-browser compatibility. All screens are responsive where the content will scale when the screen size is adjusted. Each new page opens in a new browser window.

Log in and Log out of BusinessPlus

Log in to access the BusinessPlus Dashboard using your user name and password. Add the URL to your internet browser's Favorites or Bookmarks bar for easy access.

To log out of BusinessPlus, click your initials in the upper right corner and select Sign Out

Dashboards

Public Dashboards are configured by each District and are assigned to employees based on user security. Standard dashboards can be set up by functional areas like Accounting, Finance, Human Resources, Payroll, e.g.

Each user will also have a Personal Dashboard that can be customized. Choose from 6 layouts to customize the page by adding links components comprised of the Task List, Job Monitor, Weblink, Menu Masks, and Reports. The Personal Dashboard can be renamed.

Navigating to Screens

Navigate to screens from any dashboard using type-ahead functionality of the Menu Search, the All Menu, or a Dashboard Component.

- **Menu Search** - Use the magnifying glass in the upper right-hand corner. Type ahead searching by mask name.
- **All Menu** – Hide and Expand the menu. Click through modules to select the mask name.
- **Component** – Navigate to masks using components organized by function or process

Menu Search

All Menu

Link Component

All three methods of accessing menu masks result in the screen opening in a new browser window. You can still return to the Dashboard or return to any other mask you were using by selecting that mask from the top header of the browser window.

Menu Masks

Each screen opens in Search mode. You can search within each field to narrow down search results. As you add items to search, the search filters can be seen at the left side of the page. Use the filter icon to select from different search options.

BusinessPlus Common Codes (NUUPCD) BA

	CS0001	CONTRACT, VICKIE	AC

Edit Mode

The screenshot shows the 'Edit Mode' for an employee record. The top navigation bar includes icons for list, back, forward, add, delete, and print, along with 'Edit 1 of 1'. The main form is titled 'Employee' and contains the following fields:

- Entity:** ROOT (dropdown), ROOT ENTITY K12
- Social Security #:** ***-**-**** (with 'Show ID' button)
- Generate ID:** M (dropdown)
- Employee ID:** 19022
- HR Status:** A (dropdown), ACTIVE
- PY Status:** A (dropdown), ACTIVE
- First Name:** TEST
- Middle Name:** (empty)
- Last Name:** CBR
- Salutation:** (dropdown)
- Suffix:** (dropdown)
- Former:** (empty)
- Preferred First:** (empty)
- Type:** FTEA (dropdown), FT CDMPT
- Action:** NEW (dropdown), NEW RECORD

Below the main form are tabs for 'Employment', 'Address', 'Emergency', and 'Others'. The 'Employment' tab is active, showing 'Primary', 'EEO', 'I9', and 'Termination' sub-tabs. The 'Payroll Information' section includes:

- Bargaining Unit:** SAAP (dropdown), SAC ASSOCIATION ADMIN PERSONEL
- Calendar:** APTEACH (dropdown), 180 DAY TEACHER
- Location:** (dropdown)
- Department:** (dropdown)

The 'Primary Dates' section includes:

- Hire Date:** 07/26/2017 (with calendar icon)
- Original Hire Date:** 07/26/2017 (with calendar icon)
- Term Date:** (empty) (with calendar icon)

The 'Seniority Information' section includes:

- Longevity Date:** 07/26/2017 (with calendar icon)
- Seniority Adjust:** 0

Click the plus sign to change to Add mode for data entry. Once in Add mode, the word Add appears in the upper right-hand corner.

The screenshot shows the 'BusinessPlus' interface for 'Person/Entity Information (PEUPPE)'. The top navigation bar includes a search icon, a magnifying glass, and a blue circle with 'BA'. The main form is titled 'Person/Entity Information (PEUPPE)' and contains the following fields:

- PE ID:** (empty)
- Security Cd:** (empty)
- Expires Date:** (empty)
- Status:** AC (dropdown)
- Name:** (empty)
- Doing Business As:** (empty)
- First Name:** (empty)
- Middle Name:** (empty)
- Last Name:** (empty)
- Nickname:** (empty)
- Web URL:** (empty)
- SSN:** (empty)
- Hide #:** Select 1 (dropdown)
- Affiliation:** (empty)
- Select 2:** (dropdown)
- Security Cd:** (empty)
- Suffix:** (empty)

Below the main form are tabs for 'Addresses', 'Phones', 'Emails', 'Vendor', 'Customer', 'Price Calcs', 'Relations', 'Associations', and 'Text'. The 'Addresses' tab is active, showing:

- Address Type:** (empty)
- Status:** (empty)
- Address Line 1:** (empty)
- Address Line 2:** (empty)

The word 'Add' is circled in yellow in the top right corner of the form.

To close a mask, click on the X in the browser tab to exit the screen.

Each screen has a Page Menu on the left side. Click on the two lines at the top to expand or minimize the page menu. A complete list of the Page Menu icons are at the end of this document.

To Find Version

Select the **i** in the black circle to see system information.

To Open Field Help

Select the book to turn on or off Field Help. Field help can be minimized and expanded.

To Use Screen Links

If a screen has related pages that can be linked to, the square with the arrow icon will be available and linked screens will be available to select.

Resizing Pages

Content on screens will resize as the size and shape of the screens are moved. The following two screen examples are the same screen but have been dragged smaller or larger. Notice that the fields are relocated on the screen to accommodate the new orientation.

Person/Entity Information (PEUP) - Edit 2 of 85

PE ID: V000002 Security Cd: PROFDEV

Switch to Added Records

1 - 7 of 7 Records

Using Copy / Paste to add a new record

In many pages, you can take advantage of a copy/past functionality to copy information forward to new records. In Edit mode, you will see the Copy icon, where available.

Once selected, you will see the Record Copied message.

Click the plus sign to add a new record.

Select the Paste icon and the information from the previously copied record is available for editing as your new record.

Page Help Catalog

Page help can be selected on each screen by selecting the question mark in the upper right-hand corner. When the page help comes up there is a search option at the top right. You can search in the document for any topic and it will return matching records. You can select additional help topics by using the navigation at the left side of any active help screen.

You can also enter the help section at the main dashboard page. Using this method, search for your content by drilling down on documents by the subsystem.

Purchase Request - POUPPR

The PO Purchase Request (POUPPR) page is used for purchase order (PO). Purchasing may begin with this occur during one of two times: either during the creation of encumbering is system-wide and will not be blanket PO type B.

Pre-encumbrance occurs at the PR level after all required ledger account numbers and all required data entry request is used as the primary reference in the Encumbrance request is printed and a PO number assigned. To print Requisitions* on the GL General Information (GLUPG) from the saved record on the PO Purchase Request, the MU Common Code with a code category/value of encumber, the PR number is relieved of the encumbrance printing utility.

The second type of encumbering is at the PO level, a funds after all required fields are entered, the order (POPO) utility. Reprint the PO using the PO number, delete a line item, or change the vendor ID. The form

Encumbered orders can be viewed by PR number or numbers, search using the PO number in ENUPTR's

Page Menu Options

Page Menu Options

Symbol	Name	Description
	Expand / Minimize	Expand or minimize the page menu.
	Search	Enable Search mode. Entered selection criteria appear under "Search Criteria," listing the page or tab name. Click the X to remove.
	Advanced Search	Save entered selection criteria. Must be in Search mode to display this option.
	Records	Display selected record(s) in Grid or Single Record view.
	Field Help	Display field-related database information in lower right corner of the page. Custom Field Help can be managed by selecting the pencil icon on the field help window.
	About	Displays release, user, server, connection and Web browser information.
	Threaded Notes	Displays saved threaded notes. Selecting a saved note or the "Add New Thread" button opens the Update Generic Text (SYUTTXUP) page, filtered based on the screen the user came from, to manage threaded notes. User must have required security to view all information.
	Screen Links	Displays links to related screens, if available.
	Attachments	Displays Documents Online attachments, if any. Valid user permissions and at least one attachment definition need to be in place for this functionality to work. If more than one attach definition exists for a given page, select the correct attach destination from the drop-down before attaching the file. To attach a file, select "Add New Attachment." Use the search field to search for a specific attachment (type).
	Reload Record	Reloads the current record.
	Revert Changes	Reverts all changes since the record was last saved. If no changes were made, the option is grayed out.
	Save Changes	Save changes. If no changes were made, the option is grayed out.
	Export to Excel	Opens the Export to Excel window from which users can select what data to export to Excel.
	Tools	Screen-specific tools appear in bold . Standard screen tools: Ledger Settings — Change ledger preferences. GL Ledger reads from GLUPGN . View Last Changes — Displays most recent set of changes. Data Dictionary — Formerly called "Consolidated Field Help." Displays database information for all page fields. Option to export data to .csv file.

Page Header

Symbol	Description
	Search by BusinessPlus mask.
	Displays page-related documentation.
UN	Displays user information and sign out option.
 NAME USER LOGNAME	Selecting the Account Info button displays the user's name and title.
 Sign Out	Sign out of BusinessPlus.

Single Record View Controls

Symbol	Description
	Switch to Grid view.
	Go to previous record. If there are no previous records, this button is blocked.
	Go to next record. If there are no additional records, this button is blocked.
	Add a new record.
	Back to grid from Add mode.
	Delete current record.
	Copy current record.
	Paste record.
	Select page sort option. Business rules (NUUPDF) can be applied to screens and sort options. Use the Record Info link to view record data and log history. Use Copy Record to copy the current record.
	Switch to Added Records.

Grid View Controls

Symbol	Description
	Switch to Single Record view.
	Select which columns to display in search results.
	Switch to Added Records.
	Edit the selected record in Edit mode.
	Use the arrows or page numbers to view additional search results.
	Select the number of rows to display in the Search results window. Options are 5, 10 and 20.
	Informs the user which subset of records out of the total number of records is currently displayed.
