

Kim Berg
Speech-Language Pathologist

Hello! My name is Kim Berg and I'm excited to join the Westergard Wildcats! I have been a Speech-Language Pathologist (SLP) for 12 years in WCSD. I am a Reno native and graduated from UNR with my Masters in Speech-Language Pathology. I love helping students communicate and look forward to making connections with the students and families at Westergard.

I come from a family of educators and my husband currently teaches fifth grade in WCSD. I have two children, a son in third grade and a daughter starting Kindergarten this year! After I graduated high school, I enlisted in the 152nd Reno Air National Guard for 12 years. It challenged me and gave me opportunities to attend college and travel.

In my spare time I love being outdoors! I have a mixed Jack Russell terrier who loves walks. My family and I love to play in the mountains, hike and explore new places. I love to read, play the piano, bake, and enjoy watching my kids play and grow. I'm proud to be a part of the team at Westergard!
