

Math 8 Lessons for December 9-13

****If you are absent, you MUST make-up the classwork as well as the homework.**

Monday Dec. 09 2345	<u>Agenda: Writing Equations in Slope Intercept</u> <u>Activity cont'd</u> <ol style="list-style-type: none"> Warm-up: Get a piece of blank white paper and fold it so you have 8 rectangles. Task: You will cut the squares from the blue paper and solve them in the order of the correct answers to the scavenger hunt. Cut out all the squares. In the first rectangle on the white paper, glue one of the blue problems on the left side in that rectangle on the white paper. Do your work to the right of the blue question in the same rectangle. Find the blue square that has the equation you just solved for and glue that in the next rectangle on the left. Repeat the process above for solving the problem. Move through ALL 16 problems. The last blue problem should be the answer on the first one you did. If you got through ALL of the blue problems before getting back to your first one, then you have 100%. NOTE: You get 1 point for your work and 1 point for your correct answer. 32 points possible. 	Due Next Class: None.
Tuesday Dec. 10 2345	<u>Agenda: Writing Equations in Slope Intercept</u> <ol style="list-style-type: none"> Complete the Slope Intercept scavenger hunt (blue page) and turn it into the drawer. Complete pp. 131-132 #5-15. Complete pp. 137-138 #7-13. 	Due Next Class: pp. 131-132 #5-15
Wednesday Dec. 11 2 Thursday Dec. 12 345	<u>Agenda: Functions</u> <ol style="list-style-type: none"> Warm-Up: Finish pp. 137-138 #7-13. Complete the Explore Activity p. 153. Introduction to Functions: input, output, determining whether or not a relationship is a function, identifying functions from tables, graphs, and ovals. Complete pp. 159-160 #8-14. 	Due Next Class: pp. 159-160 #8-14
Friday Dec. 13 2345	<u>Agenda: Functions</u> <ol style="list-style-type: none"> Warm-up: Complete p. 161 AND the YOUR TURNS pp. 164 and 165. Task: In Team Shake groups, discuss and complete the HOT questions #13-15. On your own, complete pp. 165-166 #6-12. 	Due Next Class: pp. 165-166 #6-12
