Scholarship is one important tenet of the organization; there are others that are just as important. Service is a very large component.

- Each semester students must complete community service in order to earn 2 service points.
  - In order to earn a point, students must spend a minimum of two hours volunteering.
  - Our chapter provides multiple opportunities to earn points as group. Points cannot be earned unless it is a service activity approved by the National Honor Society Chapter.

Accepting membership proves that students have the desire to serve, the leadership qualities necessary to get tasks done in a timely manner and are true scholars.

Please note that there is a \$20 membership/induction fee for all accepted applicants. If you qualify for membership, further details will be provided for you upon notification.
